shooting of General Trujillo outside his capital Tuesday night said it had been accomplished by seven men who waylaid his car as he was en route to the home of his 63-year-old mother, Señora Julia Molina de Trujillo. General Díaz was said to have masterminded the plot, but not raised by the chiefs of state to have participated in the shooting. It was noted that a brother, Modesto E. Díaz, lived near the home of Señora Molina de Trujillo.

Such details, as were given, however, came from a secret investigation conducted by the Dominican Army, now under the command of Gen. Rafael L. Trujillo Jr.

Long of Louisiana Calls for Action Over Cuba Plan

WASHINGTON, Jan. 4 (UPI)—Senators Russell B. Long, Democrat of Louisiana, said today that President Kennedy should receive Gen. Lyman L. Lemnitzer, chairman of the Joint Chiefs of Staff, as a result of the abortive invasion of Cuba.

Senator Long also said that some changes should be made in the Central Intelligence Agency.

I don't know whether I'd make Allen Dulles (the C.I.A. director) or not, Senator Long said, but I'd sure have some people of that thing over there because that fiasco was very badly advised.

The Senate spoke on a Congressional Broadcasting System program "Youth Wants to Know."

He also said that President Kennedy should have consulted with the United States, to negotiate the removal of Eisenhower and General of the Staff of the Department of Defense, Arthur H. Summerhayes, Jr., and the President's Secretary.

He said New York is a "very important" country through out the Western Hemisphere. He said the Dominican Republic is a "very important" country through out the Western Hemisphere.

marked Latin-American tour. Mr. Stevenson, at an airport news conference said the "principal emphasis" of his talks with South American leaders would be the Kennedy Administration's economic and social program for Latin America.

"But I will be glad to discuss any subjects, including Cuba, with whom I will meet," he said. Mr. Stevenson will visit all ten South American countries on an eighteen-day trip as President Kennedy's special envoy.

Asked by Venezuelan reporters if the United States planned to intervene in the Dominican Republic, where Generalissimo Rafael Leonidas Trujillo Molina, Dominican dictator, was assassinated last week, Mr. Stevenson replied:

"The United States will gladly cooperate with Venezuela to protect our citizens or to act against any outside intervention in the Dominican Republic, but our attitude will be taken within the collective framework of the Organization of American States."

Mr. Stevenson said he received a letter from Ambassador Tostado Mox cooperation of the United States with Mr. Stevenson, and at New York, where Mr. Stevenson said he would be glad to see what the United States could do to help the ground of the United States.
